#### BOOTH DESCRIPTION

E-NOVATE Virtual booth has a sleek and striking design. It allows the innovator to demonstrate two posters, one for the innovation, one for the company/organization/institution and one video presentation! This allows the innovator to present the innovation with maximum impact. Every single innovation will get its own virtual booth and the public can rate the innovations they like. In this way for the first time in virtual event history we are making the public part of the innovation grading process.
