

ANTI-PANDEMIC PEN

COVID 19 has forced everyone to live with the new normal lifestyle. “ANTI-PANDEMIC PEN” is designed to solve the problems during the COVID-19 pandemic situation.

- Virus is spread all over the surface especially at the frequent touch point eg. Door Handle, Button in elevator and ATM, etc.
- Our hands get contaminated easily via our normal lifestyle and we need to wash hand frequently

“ANTI-PANDEMIC PEN” is developed every you need during this pandemic in the everyday-used product – “Pen”

NO.1 Alcohol Spray for dry hand wash or spraying to contaminated area

NO.2 Button pressing when using elevators or ATM

NO.3 Roll-on liquid soap to wash hand with water

It will help users stay safer and less contaminated with Virus. It also can be commercialized to everyone and targeted to student and office workers who always carry pen in their everyday life.
