

Problem Statement:

Many college students struggle to find the right career path or navigate the job market after graduation. They lack access to experienced mentors who can guide them through the process.

Present day scenario of college students:

1. Limited Guidance
2. Limited Network
3. Lack of Relevant skills
4. Limited Job Opportunities

Solution:

Our website connects college students with college alumni for personalised mentorship, allowing students to receive guidance and advice from experienced professions in their field of interest.

Key Features:

1. One to One mentorship sessions.
2. Access to alumni network.
3. Skill development training curated by college Alumni.
4. Internship & Scholarship Opportunities.

Showcase the figma themes of these features.

Create an example use case of one situation of student:

Student wants to clear the GATE exam. Don't know the right approach, preparation plan or a roadmap. Our website can help the student to get connected with the same college alumni who cracked the GATE exam and are pursuing or completed his/her masters. The student gets access to live mentorship, training and opportunity to excel in future.
